

{Ikhsan Maulana}

Banda Aceh, Aceh, | +681214710491 | ikhsanmou95@gmail.com

Personal Profile

I am Ikhsan Maulana, and I grew up in Aceh on October 20, 1995. I graduated from the State Islamic University Ar Raniry Banda Aceh in 2018 with a degree in Arabic Language and Literature. I am also interested in IT technology and the translation of Arab manuscripts, and I attended cloud computing training at ITB Bandung at the end of 2018, which was sponsored by Kominfo and Microsoft Indonesia, as well as an introduction to full stack developer training held by the digital talent scholars. I've worked as an administrative assistant, a web developer, and a manuscript translator at Aly Hasjmy Library, as well as a manuscript translation author at Do Karim Banda Aceh Agency. I am interested in a career in IT technology, either as a front-end developer or a back-end developer, and I am also very interested in the translation of Arabic manuscripts and text editing, as well as being active in speaking Arabic or English and skilled in using Microsoft Office Tools.
